NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS(Prepared by Management – Unaudited)

1. NATURE OF OPERATIONS

Metals Creek Resources Corp. (the “Company”) was incorporated on June 21, 2004 under the Business Corporations Act (Ontario). The Company changed its name to Metals Creek Resources Corp. on February 20, 2008.

These interim financial statements should be read in conjunction with the annual consolidated audited financial statements, and corresponding notes to the consolidated financial statements, for the year ended December 31, 2007. Results for the interim period ended March 31, 2008 may not be indicative of the results which may be expected for the year ended December 31, 2008.

2. ABILITY TO CONTINUE AS A GOING CONCERN

The Company is an exploration stage company, and is in the process of exploring its resource properties and has not yet determined whether these properties contain ore reserves that are economically recoverable.

The accompanying financial statements have been prepared on the basis of Canadian generally accepted accounting principals (“GAAP”) applicable to a going concern. The appropriateness of using the going concern basis is dependent upon, among other things, future profitable operations, and the ability of the Company to raise additional capital. Specifically, the recovery of the Company’s investment in resource properties and related deferred expenditures is dependent upon the discovery of economically recoverable reserves, the ability of the Company to obtain necessary financing to develop the properties and establish future profitable production from the properties, or from the proceeds of their disposition. The Company has not earned any revenues to date and is considered to be in the exploration stage.

These financial statements have been prepared assuming the Company will continue on a going-concern basis. The Company has incurred losses since inception and the ability of the Company to continue as a going-concern depends on its ability to develop profitable operations and to continue to raise adequate financing.

3. CHANGE IN ACCOUNTING POLICIES INCLUDING INITIAL ADOPTION**Financial Instruments**

The company has adopted the following new accounting standards issued by the Canadian Institute of Chartered Accountants (“CICA”) relating to financial statements.

Financial Instruments – recognition and measurement (CICA Handbook Section 3855)

These standards set out criteria for the recognition and measurement of financial instruments for fiscal years beginning on or after October 1, 2006. This standard requires all financial instruments within its scope, including derivatives, to be included on a company’s balance sheet and measured either at fair value or, in certain circumstances when fair value may not be consideration the most relevant, at cost or amortized cost. Changes in fair value are to be recognized in the statements of operations and deficit.

All financial assets and liabilities are recognized when the company’s outstanding financial assets and liabilities at the effective date of adoption are recognized and measured in accordance with the new requirements as if these requirements had always been in effect.

All financial instruments are classified into one of the following five categories; held for trading, held-to-maturity, loans and receivable, available-for-sale financial assets or other financial liabilities.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

(Prepared by Management – Unaudited)

Initial and subsequent measurement and recognition of changes in the value of financial instruments depend on their initial classification.

Held for trading financial instruments are measured at fair value. All gains and losses are included in net loss in the period in which they arise.

Held-to-maturity investments, loans and receivables, and other financial liabilities are initially measured at fair value and subsequently measured at amortized cost. Amortization of premiums or discounts and losses due to impairment are included in current period net loss.

Available-for-sale financial assets are measured at fair value. Revaluation gains and losses are included in comprehensive income until the asset is removed from the balance sheet.

All derivative financial instruments are classified as held for trading financial instruments and are measured at fair value, even when they are part of a hedging relationship. All gains and losses are included in the net loss in the period in which they arise.

In accordance with this new standard, the company has classified its financial instruments as loans and receivables.

Hedging (CICA Handbook Section 3865)

This new standard specifies the circumstances under which hedge accounting is permissible and how hedge accounting may be performed. The company currently does not have any hedges.

Comprehensive Income (CICA Handbook Section 1530)

Comprehensive income is the change in shareholders' equity during the period from transactions and other events from non-owner sources. This standard requires certain gains and losses that would otherwise be recorded as part of net loss to be presented in other "comprehensive income" until it is considered appropriate to recognize into net loss. This standard requires the presentation of comprehensive income, and its components in a separate financial statement that is displayed with the same prominence as the other financial statements. The company currently does not have any comprehensive income.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS(Prepared by Management – Unaudited)

8. FINANCIAL INSTRUMENTS

The Company's financial instruments consist of cash, short term investments, accounts and other receivables, accounts payable and accrued liabilities and promissory notes payable. Unless otherwise noted, it is management's opinion that the Company is not exposed to significant interest, currency or credit risk from these financial instruments.

9. INCOME TAXES

The Company adopts the asset and liability method of accounting for income taxes.

Future Tax Balances

The tax effects of temporary differences that give rise to future income tax assets and future income tax liabilities at the combined Canadian federal and provincial statutory tax rates of 36.1% are as follows:

Future tax assets – long term portion	
Non-capital losses	\$ 206,036
- Renunciation of flow-through proceeds	572,502
- Renunciation of flow-through proceeds	57,792
- Mineral properties	50,568
Less: (Valuation allowance)	<u>(206,036)</u>
Balance, December 31, 2007 and March 31, 2008	<u>\$ 680,862</u>

10. STAKING SECURITY DEPOSITS

Staking security deposits of \$258,450 represents security deposits paid to the Government of Newfoundland and Labrador in connection with mineral property claims located in the Province of Newfoundland. These staking security deposits are refundable to the company upon submission by the company of a report covering the first year work requirements which meets the requirements of the Government of Newfoundland and Labrador.

11. LOSS PER SHARE

Basic loss per share figures are calculated using the weighted average number of common shares outstanding during the period (18,514,536).

Fully diluted loss per share figures are calculated after taking into account all stock options and warrants granted. Exercise of the outstanding warrants and options would be anti-dilutive with respect to loss per share calculations and therefore fully-diluted loss per share is not presented.

12. SUBSEQUENT EVENTS**(i) Investor Relations**

Subsequent to the period, the Company retained The Windward Agency to provide investor and public relations. The Windward Agency is based in Charlotte North Carolina, and will receive a monthly retainer of US\$5,000 plus approved expenses, renewable on a month to month basis.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS(Prepared by Management – Unaudited)

(ii) Ogden Township Property – GoldCorp Option

Subsequent to the period ended March 31, 2008, the Company announced that it has signed a non-binding letter of intent with Goldcorp Canada Ltd. (“Goldcorp”) to jointly explore Goldcorp’s mining claims located in Ogden and Deloro Townships, located six km south of Timmins city centre, Ontario. The package consists of 84 patented and unpatented claims totaling approximately 1184 hectares (the “Property”) and covers eight kilometers of strike length along the east-west striking, highly prospective, Porcupine-Destor “Break”.

The agreement allows for the Company to earn 50% of Goldcorp’s interest in the Property by funding total expenditures on the Property of \$3,100,000 over four years as follows: (i) \$400,000 in year one, (ii) \$700,000 in year two and (iii) \$1,000,000 in each of years three and four. The Company will also make cash and share payments to Goldcorp as follows: (i) \$40,000 cash and \$25,000 worth of common shares on signing, (ii) \$35,000 cash and \$25,000 worth of common shares on the first anniversary, (iii) \$35,000 cash and \$50,000 worth of common shares on the second anniversary, (iv) \$100,000 worth of common shares on the third anniversary, and (v) \$150,000 worth of common shares on the fourth anniversary. Within six months of the Company’s vesting at 50% interest in the Property, Goldcorp has the option to buy back a 20% interest from the Company for a cash payment of up to \$310,000, expending \$4,100,000 on the property within two years, and completing a feasibility study within three years. The Company will be the operator of the Property during the earn-in period and afterwards, provided it holds a 50% or greater interest in the Property. If either party becomes diluted to a 10% interest, that interest will be converted into a 2% Net Smelter Return Royalty. Management of the Company feels this letter of intent will form the basis for a promising strategic acquisition.

(iii) Tilt Cove - Newfoundland

The Company acquired by staking and option agreement a land package totaling 56 claim units, in four separate blocks, covering portions of the Betts Cove Ophiolite Suite on the Baie Verte Peninsula, Newfoundland. Three of the blocks were recently staked by the Company, while rights to the fourth were obtained through the execution of an option agreement (“Option Agreement”) with an arm’s length prospector. Pursuant to the Option Agreement, the Company has the option to earn a 100% interest in the claims forming the fourth block by making staged cash payments totaling \$67,500 and issuing 220,000 shares to the optionor over three years. On production, the optioned claim block is subject to a 2% net smelter return in favor of the optionor, subject in turn to a 1% buyback right in favor of the Company at the cost of \$1,250,000.

(iv) Stock Option Grants

The Company granted 910,000 stock options to directors, officers, employees and consultants of the Company. All such options will have a term of three years, with an exercise price of \$0.25 per share and will be governed by the terms and conditions of Company’s stock option plan and will be subject to vesting provision. Following these grants, the Company will have a total of 1,649,500 stock option grants outstanding.

(v) Commitments

The Company entered into a commercial lease for office premises requiring a minimum monthly payment of \$1,925 plus G.S.T. expiring March 2011.
